

# PROVOST PUBLIC SCHOOL

March was a short month, and it is hard to believe we have landed in April.

Provost Public School continues to focus on BTPS Priorities as set out in our Education Plan. Priority one focusses on supporting learning success for all students. As part of our commitment to numeracy and priority one, PPS established numeracy intervention groups to support grades 4-7. Mrs. Trennery leads these groups, as they engage in hands-on practice supporting foundational skills. March began our intentional work in supporting our graduates as they prepare for life after grade 12. The BRITE program has been working with grades 11 and 12 students on supporting the changes and stresses associated with transitioning beyond grade 12.

## April

# NEWSLETTER

April 2024

Mrs. Brouwer and Ms. Heim have also worked with these grades, navigating them through a post-secondary workspace where they can leverage information on post-secondary application processes, scholarships, and career possibilities. On April 30th, grade 10's will be attending Try a Trade in Lloydminster.

We are excited to host our Panthers Unite lunch and event on April 19th. This will be an opportunity to share our gratitude with many people that supported us during the time we restored our building from the fire.

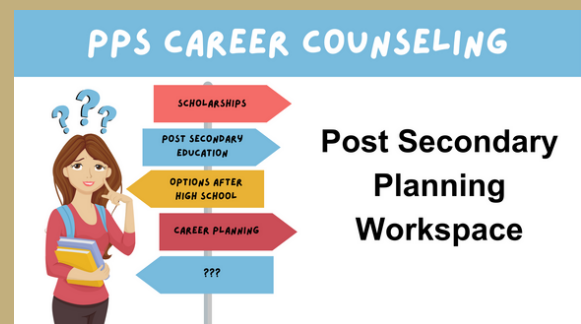

Mrs. Brouwer and Ms. Heim
